## 2016 COLLECTION

*Motorcycling is a passion. It's hard to describe that to someone if they've never had the experience themselves!*

At DRIRIDER, like you, we live and breathe motorcycles so know exactly how you feel. For 36 years DRIRIDER has helped protect Australian riders by providing high-quality clothing & accessories. We were one of the 1st companies in the world to introduce the hard-wearing textile range of materials to motorcyclists.

All models are designed specifically for Australian riders & our unique weather conditions. Plus they're built to suit the true Australian fit!

From our most high-tech jacket right down to our thermal socks, 36 years of experience, passion & hard work goes into every model. We design riding gear to be protective, innovative & comfortable from head to toe. Each new product undergoes exhaustive trials including intensive endurance testing on the bike before being introduced into the range.

We work with renowned material producers like YKK, TEXTLAND, REISSA, D30, YF & others to develop all-new materials & production technologies to make every ride safer & more enjoyable for you.

Our 2016 collection provides clothing for learner motorcyclists right up to the most experienced riders. Whether it's commuting, touring, or recreational riding we have the most extensive range so you can select the exact items that best suit your wants, needs & budget.

DRIRIDER products are so easily available through the extensive range of motorcycle dealers throughout Australia & New Zealand. Or simply browse the DRIRIDER website to locate your closest stockist. You can also follow us & share your experiences on FACEBOOK & INSTAGRAM

*We Thank You for supporting DRIRIDER AUSTRALIA & look forward to seeing you out enjoying your next ride.!*

## D30® VIPER PRO

CE LEVEL 2 BACK PROTECTOR **\$39.95**

- CE Certified EN1621-2 Level 2 back protector
- D30® patented technology
- Airwave technology for improved airflow
- Ergonomic design for comfort and protection
- Can be fitted to any Jacket inside the back protector pocket
- When fitting the airwave pattern should face the inside against the riders back
- As protector pockets vary in size the OE supplied pad can be left in place for a tighter fit, the D30 protector should always be on the inner side against the rider

D30 VIPER PRO BP  
7103191

D30 contains intelligent molecules that lock together on impact to absorb and spread the force of impact to provide maximum shock absorption.

# DRIRIDER HELMETS

## D-SPORT

SPORTS TOURING HELMET - GRAPHICS **\$279.95**

The new DRIRIDER D-Sport helmet offers performance and comfort in an amazingly affordable package. The interior liner and ventilation systems work together to draw cool air throughout the helmet, while the aerodynamic design reduces turbulence, drag and wind noise.

**Fibreglass Composite Shell with Anti Penetration Weave.**  
AS/NZS1698/2006 Approved — 100% Legal for use in Australia

Multi-port Air Induction System — 4 inlet vents and 6 exhaust ports circulate airflow for maximum comfort in the hottest conditions.

Channelled Dual layer EPS foam protection liner and matching padded comfort liner maximise airflow for premium cooling. Dual Density EPS Impact Liner provides progressive impact absorption for improved safety.

Fully Removable Quick-snap Interior Comfort liner for easy cleaning.

Breath guard to minimize visor fogging.

Quick change tool-less Visor base plates means visor changes are a breeze!

# TECHNOLOGIES USED BY DRIRIDER

## HOW D3O® TECHNOLOGY WORKS

D3O® materials in their raw state flow freely when moved slowly, but on shock, lock together to absorb and disperse energy, before instantly returning to their flexible state. This reaction is counter intuitive. The greater the force of the impact, the more the molecules lock together and the greater the protection.

"Limits are something that sportsmen & women face every day, both physically & mentally, and to be successful you have to break those limits. ENERTOR™ insoles have D3O® technology that is scientifically proven to improve performance & reduce the risk of injury. Being able to train harder & perform better enables everyone to break their limits."  
**Usain Bolt**

**USAIN BOLT REVEALED AS FACE OF NEW D3O PARTNER BRAND ENERTOR™**

**D3O®**

IMPACT PROTECTION

# TECHNOLOGIES USED BY DRIRIDER

## MILITARY TECHNOLOGY

Used in military combat uniforms for over 40 years. Specifically engineered Nylon fibre with cotton & Polyester for strength & durability. As comfortable as cotton denim with 4 times better abrasion resistance.

## DRIRIDER WAX COTTON

Unique Dry-Wax polymer Infused for the life of the garment with no messy residue. Retains the unique look of Vintage Wax Cotton jackets using modern day technology to permanently bond the coating to the fabric with a dry touch finish.

## DRIRIDER ALUMINIUM TEXTILE

An Aluminium based fabric with outstanding wind blocking and insulating properties.

No need to be cold this winter: An integrated aluminium lining ensures that your heat stays in the jacket and the cold stays out. There's also a winter flap to ensure that you do not get cold on the chest as there's a superior padding behind the front zip.

**L.I.T** technology takes the visibility of motorcyclists at night to an all new level. What appears a normal fabric during the daytime will light up in a cars headlights during night time making the rider highly visible to other road users.

Microscopic glass beads are integrated in the L.I.T fabric, even the smallest amount of light will be reflected right back to the source by these tiny beads. You will be visible from close up or a long distance away.

## WATERPROOF LINER

The Reissa® & DRI-TEC H2O are both a functional breathable liner or membrane with high sensitivity concerning weather conditions. This technology creates an extremely thin waterproof material that is light weight for comfort but extremely durable. It is highly resistant to rain & wind while maintaining breathability. It is very flexible with a comfortable soft touch.

**2016 INNOVATIVE MOTORCYCLE CLOTHING**

The individual features of each product, are identified by icons as listed below:

Waterproof.

Micro textile technology. Waterproof material yet fully breathable.

Adjustable air vents. Zip open air ventilation panels.

Waterproof outlet. Mesh panel to vent condensation from sleeve end & waist.

Zip out quilted thermal vest.

Zip out quilted thermal jacket lining.

Zip out waterproof jacket lining.

Detachable inner lining. Zip out quilted thermal trouser lining.

Detachable inner lining. Zip out waterproof trouser lining.

Heavy duty 1.5 litre water bladder.

Protective liner reinforcement. Advanced technology fibre is extremely strong & very light. Extreme tear and abrasion resistance.

Anti scratch snaps. Rubber coated press studs.

Adjustable waist straps.

Back protector. Spinal protection padding included.

European Community stringent safety standard approved shoulder / elbow guards.

European Community stringent safety standard approved knee protectors.

Heat resistant material on the inner lower legs.

Riveted construction for superior strength & durability.

Waist connection zip.

Woven Nylon material.

Cordura. Extremely high tear & abrasion resistance. Lab tested, 10 times stronger & more durable than cotton.

Adjustable bicep / arm straps. Anti flap arm adjustment.

Mobile phone pocket.

iPod / Smart phone pocket.

Top quality cowhide leather.

Thinsulate = Patented micro fibre technology. Enhanced ability to trap & store body heat.

Teflon Protective coating.

Reflective for enhanced night time safety.

UV Protective coating.

## TRUE FIT AUSTRALIAN SIZING SYSTEM

We map thousands of body types across all shapes & sizes and continually update our size templates to ensure the Dririder True Fit size system provides the most accurate fit for all motorcyclists. So whatever your fit, we've got you covered.

### MEN'S STANDARD SIZE GUIDE Inches / cm (Eg. L 52/42 is L is Australian large, 52 European is reference only and 42 USA = chest size in inches).

Sizing Guide	XS 46/36	S 48/38	M 50/40	L 52/42	XL 54/44	2XL 56/46	3XL 58/48	4XL 60/50	5XL 62/52	6XL 64/54
Neck	13.5" / 34cm	14.5" / 36.5cm	15.5" / 39cm	16.5" / 41.5cm	17.5" / 44cm	18.5" / 46.5cm	19.5" / 49cm	20.5" / 51.5cm	21.5" / 54cm	22.5" / 56.5cm
Chest	34" / 87cm	37" / 94.5cm	40" / 102cm	42" / 107cm	44" / 112cm	46" / 117cm	48" / 122cm	50" / 127cm	52" / 132cm	54" / 137cm
