## ***2017 CATALOGUE*** V01

# OF PURE MOTORCYCLE SPIRIT

IPONE, "the combat oil Made in France", founded in the sunny south of France in 1985 has for unique philosophy and desire : "being 100% motorcycle". IPONE is an innovative company which has been able to adapt and develop itself in order to become the market leader in less than 10 years.

## 1985

Creation of the brand

## 2001

IPONE becomes the leading brand in France with a 33% share of the market

## 2012

By joining forces with Red Bull, IPONE decides to take a gamble on the new generation by becoming the partner of the Red Bull MotoGP Rookies Cup.

## THE BRAND

IPONE, “the combat oil Made in France”, founded in the sunny south of France in 1985 has for unique philosophy and desire : “being 100% motorcycle”. IPONE is an innovative company which has been able to adapt and develop itself in order to become the market leader in less than 10 years.

## A WELL-OILED MACHINE

IPONE was born to respond to every need, from everyday use through to hobbies and racing for motorcycles and recreational vehicles. IPONE products benefit from a top-of-the-range image thanks to their quality, which has made them so renowned on both the French market and at an international level.

## IN PURSUIT OF INNOVATION

IPONE is rapidly expanding its range to include recreational vehicles such as ATVs, snowmobiles and jet skis. In 2014, IPONE enhanced its range of engine products with new, innovative formulas for improved performance. The “Speed and Easy Shift” innovation from the Katana range, for example, will transform your riding experience.

## Care LINE

New for 2016 the Ipone Care Line features 30 products grouped into 5 families.

- Bike - 7 products for perfect finish.
- Engine - 7 Specific products designed to maintain, clean and protect all motorcycles.
- Chain - 6 products to clean and lubricate the chain.
- Wheel - 3 products to clean and protect the wheels and tyres.
- Rider - 7 products to take care of the rider and his equipment.

**MOTORBIKE**

**X-TREM BRAKE FLUID**

**MAINTENANCE**

X-trem Brake Fluid is a 100% synthetic brake and clutch fluid specially developed and recommended for use in hydraulic brake systems for the competition motorcycles. The highest possible boiling points (dry 320°C and wet 204°C) guarantee complete stability of the fluid.

Normes:

- DOT 4
- U.S. FMVSS No. 116
- SAE J1703, SAE J1704 et ISO 4925 (classes 3 et 4).

**Technical data:**

TEST	X-TREM BRAKE FLUID	Measurements
Dry boiling point	320.0	°C
Wet boiling point	204.0	°C
Viscosity at -40°C	1800	cSt

**MOTORBIKE**

**FORK 5**  
SYNTHETIC PLUS

**MAINTENANCE**

Grades available: 5 - 10 - 15 - 20 - 30

Fork 5 is a semi synthetic lubricant, compatible with all types of forks, flat, road and off-road use, designed for regular use. IPONE has selected the best synthetic bases and additives to guarantee Fork 5 has a low-friction formula, which ensures comfortable driving and improved shock absorption.

**Packing unit:**

## IPONE, exclusive supplier To the MXGP Championship

IPONE's commitment to the MXGP is built around shared passions and values, which are driven by motocross: surpassing oneself, excellence and sharing emotions. IPONE is the exclusive partner of lubricants and maintenance products for the MXGP Championship.

### MXGP OF FRANCE

Since its inception, IPONE has been constantly improving its performance lubricants and its complete range of maintenance products, by continuously investing in competition, with involvement in tough events such as 24 hour Endurance Road Racing, World Superbike Championship, The Dakar and the Red Bull Romaniacs.

Giuseppe Luongo, President of Youthstream: "We are delighted to welcome IPONE as Official and Exclusive Lubricant Partner to MXGP, MXoN and SNX. We know the company well through their long association with major motorcycle championships. This partnership will truly allow our teams to share their respective expertise and we are looking forward to working hand in hand."

Official lubricant supplier of the Red Bull MotoGP Rookies Cup and of its 24 riders on the MotoGP Championship, IPONE develops the performance of its racing lubricants and its two-wheels maintenance range. As a result of this collaboration, a new racing range is born to provide all the riders, professionals or amateurs, with performance, innovation and safety.

# RACING RANGE

## GET OFF TO A FLYING START WITH THE IPONE RACING RANGE!

IPONE was created to meet the needs of all, from social riding to competition. Official Supplier of the Red Bull MotoGP Rookies Cup and its riders in the MotoGP championship, IPONE develops the racing range of performance lubricants and maintenance products for two-wheels. IPONE lives its ambitions at the pace of the Red Bull MotoGP Rookies Cup and is fully committed to provide pilots better access to future career in MotoGP.

### A RANGE THAT IS EVER CLOSER TO RIDERS NEEDS

100% synthetic, esters based, the Racing Range of products are top of the range developed for performance. Following the success in 2012 on the 125cc 2-stroke Moto KTM, the Red Bull MotoGP Rookies Cup will take on the challenge in 2013 on a 4-stroke KTM 250 RBR. After using the Stroke 2R in 2012, they are now running the Stroke 4 from 2013.

### INNOVATION & SAFETY

The 8 products of the racing range have been specially developed for both road and off-road competition. Suitable for riding in difficult conditions and in a demanding environment, they are also suitable for lovers of extreme sensations.

IPONE offers a lubricant product with characteristics adapted to each part. Each product has been tested and designed to meet extremely high demands, not only to increase the power of the machine, but also to protect it. The JASO MA and API SL standards bear witness to the amount of care that IPONE puts into its products.

## RACING RANGE

### STROKE 4—0W40

0W40—100% SYNTHETIC

#### ADVANTAGES

- Cold grade 0W
- Easier starting
- Improves upward gear changes.
- Hot grade -40
- Able to resist extremely high temperatures.

#### Protects gearbox:

- Reduces the risk of clutch slipping with wear.
- Deposits an adherent film on moving parts.

PART NUMBER	DESCRIPTION	CODE	RRP
IP800000	STROKE 4 0W40 1L	IP9622	\$34.95
IP800001	STROKE 4 0W40 4L	IP8348	\$129.95
<b>BULK PRODUCTS</b>

IP800003	STROKE 4 0W40 220L	-	ENQUIRE

### STROKE 4—5W40

5W40—100% SYNTHETIC

#### ADVANTAGES

- Extremely high lubricating power
- Reduces friction
- Withstands the highest temperatures
- Reduces oil consumption
- Increases the power of your machine

PART NUMBER	DESCRIPTION	CODE	RRP
IP800004	STROKE 4 5W40 1L	IP9622	\$34.95

### STROKE 2R

100% SYNTHETIC

#### ADVANTAGES

- Very high lubricating power.
- Reduces wear and tear and provides lasting engine protection.
- No sediment.
- Improves tuning and carburetor performance.
- Easy to use: The built-in dispenser directly measures the percentage of oil.

PART NUMBER	DESCRIPTION	CODE	RRP
IP800088	STROKE 2 R 1L	IP9932	\$36.95

# OFF-ROAD 4 STROKE

Katana Off-Road is a 100% synthetic, ester-based lubricant for 4-stroke motorcycles, designed to deliver good off-road sports riding performance. The "speed & easy shift" innovation will transform your riding experience. Gear changes are fast and smooth; you will discover pure riding pleasure and faster acceleration. Its formula responds to the extreme stresses on the clutch. IPONE, exclusive supplier to the MXGP Championship.

The Speed & Easy Shift innovation will transform your riding experience:

- ★ Formulated to respond to the extreme stresses on the clutch
- ★ Faster acceleration
- ★ Gear changes are fast and smooth

- X-Trem Chain Road & Off Road
- Chain Cleaner
- Brake Cleaner
- Carbu Cleaner
- Full Protect

# NEW CARE LINE RANGE

## CHAIN

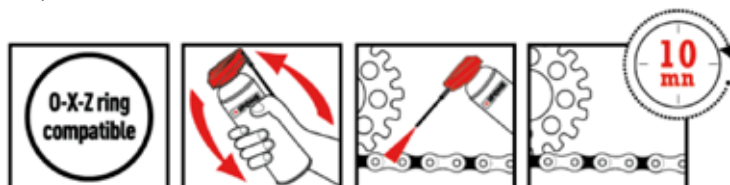

### X-TREM CHAIN ROAD

X-TREM CHAIN ROAD is a calcium sulfonate-based chain lubricant, which is used to lubricate the chain and protect it against corrosion. It has been developed for road motorcycles with the aim of limiting splatter and ensuring that it remains present for a long time under intense conditions.

Its multi-position diffuser combines the power of a jet with the precision of a spray.

Spray the lubricant on the chain from the inside while the wheel is spinning. Allow to dry to achieve deep lubrication.

PART NUMBER	DESCRIPTION	SIZE	CODE	RRP
IP800640	XTREM CHAIN ROAD	100 ml	I677	\$11.95
IP800641	XTREM CHAIN ROAD	250 ml	I1011	\$16.95
IP800642	XTREM CHAIN ROAD	750 ml	I5491	\$29.95

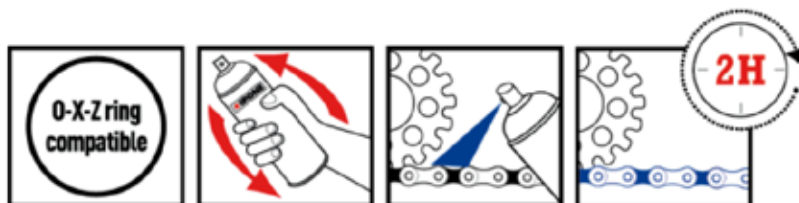

### CHAIN ROAD

chain lubricant is used to lubricate the chain and protect it against corrosion, while also adding a splash of colour. It is available in red, white and blue.

Choose the colour that's right for you!

Spray the lubricant on the chain from the inside while the wheel is spinning. Allow to dry.

PART NUMBER	DESCRIPTION	SIZE	CODE	RRP
IP800643	RED CHAIN LUBE	250 ml	I1011	\$16.95

## CHAIN

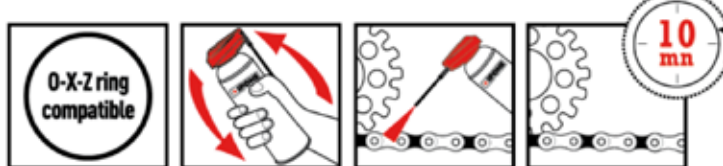

### X-TREM CHAIN OFF ROAD

X-TREM CHAIN OFF-ROAD is a lubricant that allows the chain to be thoroughly lubricated, while at the same time protecting it against corrosion. It has been developed for off-road motorcycles with the aim of limiting splatter and ensuring that it remains present for a long time under intense conditions.

Its multi-position diffuser combines the power of a jet with the precision of a spray.

Spray the lubricant on the chain from the inside while the wheel is spinning. Allow to dry to achieve deep lubrication.

PART NUMBER	DESCRIPTION	SIZE	CODE	RRP
IP800646	XTREM CHAIN OFF ROAD	100 ml	I677	\$11.95
IP800647	XTREM CHAIN OFF ROAD	250 ml	I1011	\$16.95
IP800648	XTREM CHAIN OFF ROAD	750 ml	I5491	\$29.95

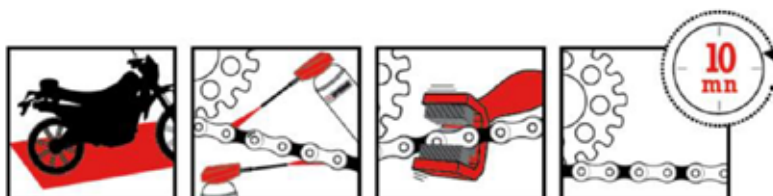

### CHAIN CLEANER

CHAIN CLEANER is a solvent-based degreasing product that allows even the most stubborn grease to be dissolved, without damaging the O-rings. It can be used for your road or off-road motorcycle, or even your quad bike. Its multi-position diffuser combines the power of a jet with the precision of a spray.

Spray the product on the interior and exterior of the chain. If necessary, use a brush to scrub off encrusted grease.

Leave to dry for 10 minutes to allow the solvents to dissipate.

- Extra power chain degreaser
- Efficient against tough grease
- O-Z-X ring compatible
- Powerful spray
- Wide and precise spraying Additional Substitute

## WHEEL

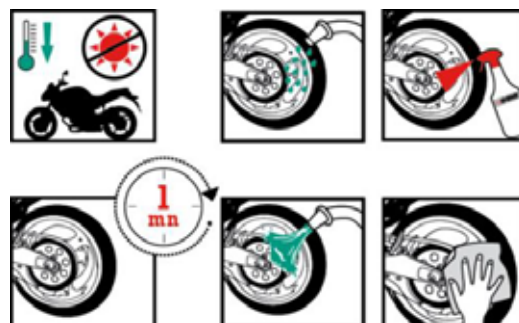

### WHEEL CLEANER

WHEEL CLEANER is a cleaner that has been specifically developed for wheel rims and is used in combination with a jet of water. This ultra-powerful degreasing product allows even the most stubborn dirt to be removed.

Spray the product onto a cold wheel rim. Allow to act for 2 minutes. If necessary, wipe with a sponge, then rinse thoroughly with water. Wipe the wheel rim using a clean cloth to achieve the best possible result.

PART NUMBER	DESCRIPTION	SIZE	CODE	RRP
IP800656	WHEEL CLEANER	1L	I4642	\$37.95

### SOS TYRE

SOS TYRE is a spray that allows a tyre to be quickly and temporarily repaired in the event of a puncture. Its small and practical size allows it to be stored anywhere.

In the event of a puncture, start by removing the item that has pierced the tyre. Shake the spray and connect it to the valve. The expanding formula reinflates the tyre instantly. We recommend that you then visit the nearest garage to have the tyre repaired.

PART NUMBER	DESCRIPTION	SIZE	CODE	RRP
IP800657	SOS TYRE	200 ml	I0261	\$24.95

### BRAKE CLEANER

BRAKE CLEANER is an ultra-powerful degreasing agent that is used to clean all of the elements of the braking system (discs, calliper, etc.).

Thanks to its multi-position diffuser, you can reach all of the areas to be treated with ease. Spray the product, then wipe using a clean, dry cloth.
