SEGUARA

SEGURA

THE PASSION SPORT AND VINTAGE

Segura is the ultimate brand of passion. Passion for racing, passion for quality, for perfect cut and material and of course for design trends and style. Since its creation in 1967, the brand took part in the glory of the great champions of the continental circus. A rich and prestigious story which is at core of product development. Vintage and Racing are mixed with our experience and know how, giving you the assurance to get an authentic and unique product.

SEGURA QUALITY: THE TECHNIQUE IN THE SERVICE OF THE STYLE

French design and development associated with the strength of an international group gives power to segura to be a brand of excellence. Our experience allows us to design products that meet precise and rigorous specifications, that we control for over 30 years and that we update in the same time as our evolving technology and know-how. As with the current major issue for European equipment: the CE DPE (EN) product certification. Segura combines with dexterity, technical prowess and inimitable style, to offer a product CE certified (DPE), which does not ignore the character.

Metro

A combination of elegance, refinement and pure technical sophistication. A unique line in which you feel at ease in town and on the road.
